

Rotary silage distributor SILO TWIST

Technical data	Hurricane
Machine width in transport position	2900 mm
Distribution width	4500 mm
Power requirement	from 80 HP
PTO speed rear front	540 1000
Net weight	approx. 870 kg
Rotor height	approx. 45 cm
Mounting frame	left and right 20° tiltable (wish)

Technical data	Ceres
Machine width in transport position	2900 mm
Distribution width	4700 mm
Power requirement	from 100 HP
PTO speed rear front	540 1000
Net weight	approx. 1250 kg
Rotor height	approx. 45 cm
Mounting frame	rigid

Technical data	Donar
Machine width in transport position	2900 mm
Distribution width	5000 mm
Power requirement	from 140 HP
PTO speed rear front	1000 1000
Net weight	approx. 1500 kg
Rotor height	approx. 67 cm
Mounting frame	left and right 20° tiltable (wish)
